

SAVE OUR SEWERS

HOLIDAY SEASON GREASE COLLECTION & RECYCLING EVENT

2022/2023 HOLIDAY SEASON GREASE COLLECTION & RECYCLING EVENT

Do your part to wipe out grease and save our sewers. Please join the Town of Marana and its partner, Grecycle, as we celebrate our Grease Collection and Recycling Event.

Don't throw grease down the drain!

JUST A LITTLE BIT OF COOKING GREASE, IF POURED DOWN YOUR DRAIN, CAN:

- Clog your pipes
- Force costly repair bills
- Cause raw sewage to back up into your home

THERE IS AN EASY SOLUTION:

Pour your grease into a container and toss it in the trash or take it to our convenient grease collection location.

DROP-OFF SITE »

North Marana | Water Operations Yard
12775 N. Sanders Rd.

The collected grease will be recycled into biodiesel, a cleaner-burning fuel than regular diesel.

Ordinary kitchen cooking grease can be a terror in the pipes beneath your home and in our sanitary sewage system. Over time, grease buildup obstructs pipes, reduces sewage flow, and acts as a magnet for other debris.

Eventually this buildup can clog pipes enough to cause a sanitary sewer overflow (SSO). An SSO is the backup of raw sewage into the street, the environment, or even into your home or other buildings through your sinks, tubs, showers, or toilets.
