Statement of Organization

At the time of submitting an Application for Serial Number, the individual or organization wishing to refer a measure to the ballot must either file a Statement of Organization using the Secretary of State's Campaign Finance Filing System or designate an existing (non-candidate) committee to act as the referendum's sponsor. The Secretary of State will not accept an Application without an accompanying statement or designation.

Application for Serial Number

An individual or organization wishing to refer a measure to the ballot must submit an Application for Serial Number stating their intent to circulate a statewide referendum petition.

To complete the PDF application, please enter all required fields including:

- The bill number to be referred (e.g. – H.B. #####);
- A no more than 200-word description of the principal provisions of the measure to be referred, which will be printed on the front of each petition sheet; and
- All information required to identify the referendum applicant and sponsoring committee.

Application Procedure

Upon receipt of an Application, the Secretary of State will complete the remainder of the form and issue a unique serial number to be printed on the front and back of each petition sheet. The Secretary of State will also provide instructions regarding proper completion of the Statewide Referendum Petition form.

Please note:

- An Application for Serial Number will not be accepted unless the applicant has checked both disclaimer boxes and provided a signature as an acknowledgment of the required printing and circulating procedures.
- At the time of submission, an Application for Serial Number must include the accompanying title and text of the measure to be referred.
- The minimum number of signatures required to refer a measure to the ballot is equal to 5% of the number of votes cast at the last gubernatorial election.
- The deadline to file referendum petition signatures is no later than 90 days after *sine die* (the date of adjournment of the legislative session in which the measure was passed).
- Any revision to the title and text or 200-word description requires a new Application for Serial Number to be filed. All previous versions and signatures collected will be considered invalid.

Recommended Best Practices for Printing and Circulating Petitions

The Secretary of State's Office recommends the following best practices for printing and circulating petitions to ensure optimal verification and processing. Failure to adhere to these practices may result in reduced document integrity, which may inhibit the Secretary of State's ability to efficiently and accurately process the petitions.

1. Print Resolution of 600dpi or Higher:

The Secretary of State's Office recommends that petitions be printed at a resolution of 600dpi or higher to preserve print integrity and assist in the digital scanning and review process. This will ensure that the form field lines on the petition remain intact, and that information provided by the committee (such as the initiative description and petition serial number) is clearly printed for inspection by petitioners.

2. Print from Digital File Only – Do Not Photocopy

It is recommended that petitions be duplicated only by means of digital printing and should not be photocopied. Photocopied petitions may result in a degraded image, including the loss of information capture boxes, pixelated text or irregularities that may obstruct scanning capability. To avoid document degradation, please print petitions from a digital file only.

3. Instructions to Signers

Circulators should instruct petition signers to write in the center of (and within) the information capture boxes to ensure that signature and identifying information is easily discernable by the petition processing software. Signers should avoid letting information bleed over to adjacent rows, and should sign with blue or black ink.

4. Circulator ID Number

Paid and out-of-state circulators must print their Registered Circulator ID Number on the front and back side of each petition sheet. Please review the Secretary of State Office's Circulator Handbook for more information.
